

Black Neoprene Rubber Tubing Material Datasheet

Product Code: RCBN

Product Description

Our range of neoprene rubber tubing is an excellent general-purpose tubing solution. It is ideal for the transfer of a wide variety of liquids. The tubing offers medium resistance to petroleum-based oils as well as other common oils. The high weathering resistance that this product offers also reduces deterioration in bad weather conditions.

Technical Specification

Properties	Values
Compound	CR
Density (Specific Gravity)	1.40 g/cm ³
Hardness (Shore A)	69°
Tensile Strength	8.77 Mpa
Elongation at Break	255.45%
Minimum Temperature	-40°C
Maximum Temperature	+100°C
Maximum Temperature (Intermittent)	+125°C

Compound: HD653 (65C1562)

Moulding Conditions: 20 minutes @ 160°C.
