

## Cushion Mat Protection Matting Datasheet

Product Code: RC04144

### Product Description

Protect your tools and delicate equipment from harm with Cushion Mat, a versatile cushioned protective mat meticulously crafted to safeguard worktops, shelving, and compartments.

### Technical Specification

| Property           | Value   |
|--------------------|---|
| Chemical           | Resistant to most acids, alkalines and oils.  |
| Composition        | Flexible Polyvinyl Chloride (PVC).  |
| Environment Pledge | Cushion Mat is 100% recyclable.   |
| Hygiene            | Made from non-porous PVC that's naturally resistant to bacteria growth.   |
| Reversion          | Thermoplastic shrinkage can result in size reductions up to 2%. This may be accelerated in hot environments.              |
| Thermal            | Designed to function at temperatures from -23°C and up to +60°C. Slight size variation may occur at temperature extremes. |
| UV Light           | Resistant to PVC degradation.   |
